

Grundig Misuro HD – Plug n Play convenience with integrated HD & DVD all in a stylish TV

At the forefront of television innovation, Grundig is renowned for providing exceptionally designed and affordably priced televisions, which boast the latest technologies.

The new Grundig LCD TV range is no exception: The Grundig Misuro HD, with integrated High Definition DVBT and DVD is the complete television package.

The Misuro HD is perfect for those looking for a stylish and compact TV and don't want to fuss with installation, extra cables or equipment. These sleek televisions, with their superb LCD screens are HD ready, negating the need to purchase an additional set top box or DVD player. With High Definition the resolution and picture quality is exceptionally sharper than standard definition television and with an inbuilt DVD player and high quality speakers the Misuro HD represents fantastic value for money.

Consumers can also choose a model to complement their décor as the Misuro HD comes in a choice of a smart high gloss white or piano black finish.

Simple to use with an automatic set up, they come complete with the latest quality LCD display, 2 x 3W speaker output and remote control. It is also wall mountable and comes with a 12 volt adaptor, making it ideal for use in caravans and boats.

The Grundig Misuro HD range is available in two sizes. The 19" GLCD1906HDV (black) and GLCD1906HDVW (white) are priced at **\$749.00** and the 22" GLCD2206HDV (black) and GLCD2206HDVW (white) are priced at **\$899.00**. The Misuro HD range is available from June 2008.
